

Presidents Report

November 2006

AGENDA

- 1. Don's Party**
- 2. Star of the Sea Shows**
- 3. 2006 Season**
- 4. Ticketing Arrangements**
- 5. Xmas Party**
- 6. Any Other Business.**

Don's Party

As a Director and Actor, Don's Party was a huge success although the audience numbers were a little less than I had hoped.

We ran eight shows and the average attendance would have been around 45 ,I guess for the season. The cast had a great time and the show was very well received by those audience members that came and as usual the bulk of the audience was friends and family of the cast.

It was a great tribute for our 21st birthday and once again the quality of performance was as good as anything PTC has done in the past. I would personally like to thank all those involved from Actors to crew and Lighting people and Husbands/Wives who helped front of house and with props and set, for all their time and effort in making it as successful as it was.

Star of the Sea Manly

After meeting with Ken Granneman from Star of the Sea we have provisionally booked two sets of dates for next year down in Manly. We have 8 shows booked in March (starting 8th) and 8 shows booked in May (starting 17th) It is my plan to take the March slots for Mascara Monologues and it will be a joint production between myself and PTC

and the Mascara Girls. It is proposed that the costs will be borne outside of PTC and PTC will just take a share of the box office for its backing. This needs to be discussed further tonight. The May performance was originally planned to be a reprise of Don's Party independent of the PTC May Production, however given the audience numbers for DP this again needs to be discussed. It is possible that we can use the venue as our May production entirely ..do two May shows...or just do DP. It is all open to discussion. Both these productions I had envisaged as Coop productions and those involved will be paid on a profit share basis.

2006 Season

We have to choose shows for our 2006 season. I have thrown a few ideas in the ring but open to suggestions. We need Directors and plays. We should try and lock in the first six months by Xmas Party Time.

Ticketing Arrangements

We have used MCA for some time now and believe that it is time to review our ticketing arrangements with them as we do not seem to be getting anything extra for our money. Some time ago we looked at using eventix ticketing built into our web site and using a booking number ourselves. This has the advantage of being able to process tickets etc and also to build a more detailed and up to the minute database. The cost of this is \$600 once off and then we would have control through our web site of the whole system. Again this is something we need to discuss.

See enclosed info on eventix.

Xmas Party

The Xmas party will be at the Rock Lilly in Mona Vale on 8th December. PTC will put in for some drinkies so do not miss it. Book with Tiff to secure your spot. Cost should be around \$30 for the night so it will not break the bank. See Tiff for more details.

James bring your Guitar!!!!

Also the web site has a new look so check it out and bookmark it for all things PTC.
